FOR IMMEDIATE RELEASE:
December 4, 2017

LEADERSHIP SYMPOSIUM

Hosted by RepresentEd Leadership

Berkeley, CA – RepresentEd Leadership is hosting their annual Leadership Symposium at the Center for Latino Policy Research, 2547 Channing Way, Berkeley, CA 94704.

We are adding diversity to the face of leadership, recruiting socially and culturally aware students and providing support to students through a network of professionals – RepresentEd Leadership prepares high-potential nontraditional students of color for leadership roles in the private and public sector through rigorous selection, training, mentorship and internship opportunities.

Our annual Leadership Symposium offers employers and mentors the opportunity to network and discuss current achievements and goals for our fellows and agency. Through networking and engagement, employers and mentors build and strengthen communication bridges and outcome expectations.

This annual event is open to invited guests, mentors, partners and staff from the private sector and academia. The event is being hosted by the Chicano Latino Alumni Association. Sponsorship offered by Frontier Communications, Chicano Latino Alumni Association of UC Berkeley, and Stiles Hall of UC Berkeley.
